Subject

Letter no 82 dated 9th August 1903 from the municipal President, Chitaldrug District, submitting for disposal, correspondence together with bills, regarding the travelling allowances claimed by the Hospital Assistant of Chellakere for visiting Naikanhatti.

1. On the 17th February 1902, the Municipal Board of Naikanhatti resolved, that the Hospital Assistant at Chellakere may be deputed to visit the municipality, for rendering medical aid to the fever-patients therein, once a week or as often as may be found necessary, up to the end of May 1902; and that the cost of the allowance &c to which he may be entitled may be charged to the municipal funds.

2 The Hospital Assistant, who was accordingly ordered, began to attend the sick at Naikanhatti from April 1902

and continued to do so till June 1903,
though the Board resolved that the visits
should continue only up to the end of
May 1902.

3. The Hospital Assistant is not
entitled to any special allowance for
visiting Kankanhatti. But he can draw
such travelling allowance and batta as
he may be entitled to, under the Mysore
Service Regulations.

4. As regards the question of
funds, from which the cost of travelling
allowance, Rs 229-6-9, for which bills are
submitted, can be met, the President
is of opinion that it should be charged
to the medical budget, from which the
Hospital Assistant's pay is disbursed.
This is in accordance with the existing
practice, ~~and no doubt proper~~. But the
Senior Surgeon and Sanitary Commissioner
urges that the cost should be borne by
the Kankanhatty Mlty on the strength of
the Board's resolution dated 17th February
1902 already referred to. This is against
the existing practice.

Department. The Assistant Surgeon, however, in his No 165-4 dated 25th May 1903 writing under instructions from the Senior Surgeon insists on the allowance being paid by the Naikankatti Municipality as per resolution passed in February 1902. A copy of the Resolution cited by the Assistant Surgeon is also submitted for reference from which it will be seen that the resolution is limited to a fixed period, viz, from February to May 1902, and is, besides, a conditional one in as much as it says that the allowance to due to the Hospital Assistant may, if authorized, be paid from Municipal Funds. I am of opinion that the allowance claimed is a proper charge on the Medical Budget to which the Hospital Assistant's pay is debited, and that this minor Municipality with its annual income of Rs 2200/- is too poor to bear this heavy charge.

Thereupon, the Assistant Surgeon in
his no 964 dated 30th December 1902

in his office no 895 and 1249 dated
